

Girvan-Newman Report

Parameters:

Respect edge type for shortest path betweenness: yes

Respect parallel edges for shortest path betweenness: yes

Respect edge type for modularity computation: yes

Respect parallel edges for modularity computation: yes

Processed Graph Data

Nodes: 537

Edges 3169

Processing time: 6.197 sec.

Communities

Number of communities: 147

Maximum found modularity: 0.07571185
