

# Girvan-Newman Report

---

## Parameters:

Respect edge type for shortest path betweenness: yes

Respect parallel edges for shortest path betweenness: yes

Respect edge type for modularity computation: yes

Respect parallel edges for modularity computation: yes

## Processed Graph Data

Nodes: 481

Edges: 31981

Processing time: 1243.554 sec.

## Communities

Number of communities: 113

Maximum found modularity: 0.009819365
