

Girvan-Newman Report

Parameters:

Respect edge type for shortest path betweenness: yes

Respect parallel edges for shortest path betweenness: yes

Respect edge type for modularity computation: yes

Respect parallel edges for modularity computation: yes

Processed Graph Data

Nodes: 287

Edges 6967

Processing time: 28.428 sec.

Communities

Number of communities: 205

Maximum found modularity: 0.024051316
