

Girvan-Newman Report

Parameters:

Respect edge type for shortest path betweenness: yes

Respect parallel edges for shortest path betweenness: yes

Respect edge type for modularity computation: yes

Respect parallel edges for modularity computation: yes

Processed Graph Data

Nodes: 342

Edges 13835

Processing time: 119.283 sec.

Communities

Number of communities: 49

Maximum found modularity: 0.0063020587
