

Girvan-Newman Report

Parameters:

Respect edge type for shortest path betweenness: yes

Respect parallel edges for shortest path betweenness: yes

Respect edge type for modularity computation: yes

Respect parallel edges for modularity computation: yes

Processed Graph Data

Nodes: 301

Edges 12229

Processing time: 109.696 sec.

Communities

Number of communities: 104

Maximum found modularity: 0.01798433
