

Girvan-Newman Report

Parameters:

Respect edge type for shortest path betweenness: yes

Respect parallel edges for shortest path betweenness: yes

Respect edge type for modularity computation: yes

Respect parallel edges for modularity computation: yes

Processed Graph Data

Nodes: 267

Edges 8507

Processing time: 63.132 sec.

Communities

Number of communities: 97

Maximum found modularity: 0.053117424
