Girvan-Newman Report

Parameters:

Respect edge type for shortest path betweeness: yes

Respect parallel edges for shortest path betweeness: yes

Respect edge type for modularity computation: yes

Respect parallel edges for modularity computation: yes

Processed Graph Data

Nodes: 267

Edges   6144

Processing time: 21.975 sec.

Communities

Number of communities: 175

Maximum found modularity: 0.031395182
